

## Great Enthusiasm in the East.

See Telegraphic dispatches about the nomination of Gen. Pierce for President, and the enthusiasm that will meet their cause on the coast of the Appalachians, and read the very heartiest.

New York, June 7.

The nomination of Pierce takes—gloriously—the young and old Democracy are all alive. The Whigs are disheartened. Build the Democratic fires on every hill and in every valley.

The Telegraph also brings us intelligence of the largest and most enthusiastic ratification meetings held for many years. We have the following:

Wilmington, N. C., June 7.

The nomination is most acceptable to the Democracy, and despatches from our delegates, pronounce him the nominee of the South.

Boston, June 7.

The nomination by the Democratic Convention caused great gratification among the party in this city. The Whigs also say they like it.

General Pierce was so thronged by calls made by political friends, that he had to leave the Tremont House privately last night and take lodgings in Cambridge. About a bushel of telegraphic despatches for him were received at the Tremont House.

Philadelphia, June 7.

A tremendous ratification meeting was held here on Saturday night in Monumental Square; enthusiastic speeches were made. The nomination is highly satisfactory to the mass of the Democracy.

Washington, June 7.

The Democracy here express great satisfaction at the nomination of Pierce, who is well known here, and highly esteemed by all parties.

Richmond, Va., June 7.

The nomination of Pierce and King is well received.

We have dispatches from other points in North Carolina, Virginia, South Carolina, and Alabama, all of which give the most glowing accounts of the universal gratification with which the nominations are received. Every place which the wires have reached, the people are on fire. The present prospect is that the democracy have not seen so enthusiastic a campaign since the days of Jackson, as we shall have under the lead of Pierce and King.

## The First "Roarback" Nailed.

The first base Roarback which the whigs have perpetrated in the campaign, is thus exposed in the Pennsylvania. Desperate indeed must be the affairs of a party which hopes to succeed through such unmitigated fabrications;

The Ledger, of yesterday morning, publishes the following base fabrications in its advertising columns:

"TO YOUR TENTS CATHOLICS!—Gen. Franklin Pierce, the democratic nominee, is a son of New Hampshire, a State which has always had a clause in its constitution disqualifying Catholics from public office. Within a year or two an effort was made to expunge the disqualifying clause; but a democratic majority of 18,000 against it attested the bigotry of her voters. Gen. Pierce favored its retention in the constitution."

## A REPUBLICAN CATHOLIC.

"It is not true that a democratic majority of 18,000 votes was ever cast against the rescinding of the clause excluding the Catholics of New Hampshire from public office."

"At the election at which the attempt was made to expunge the excluding clause, it was no party question; but it is well known to all who are acquainted with the minutiae of the late constitutional contest in New Hampshire, that the great body of the whig party voted against the rights of the Catholics."

"It is not true that General Pierce was in favor of retaining that hateful clause in the constitution of his native State. No, he was too good a democrat for that; his liberal mind, and the glorious principles he advocates, caused him, while a member of the New Hampshire constitutional convention, to maintain the rights of the Catholics, and the base heart that could conceive the falsehood uttered by the wicked traducer of the gallant Pierce, through the columns of a neutral print, would not hesitate to stoop to perform the most niggardly acts. Gen. Pierce is a democrat, and his democracy makes him liberal to all, allowing every man to worship God as he pleases, under his own vine and fig tree, none daring to molest or make him afraid."

## How they Talk.

The following is from the Statesman:

A confab between two whigs on our streets this morning indicates the low spirits with which that party have received the nomination of Gen. Pierce. It was as follows: First whig.—"Why will the nominee of the whig party for the next Presidency be like a General who killed himself by falling on his sword?"

Second whig.—"Don't know—something bad, I suppose, any how. 'Cause he'll be dead I reckon."

First whig.—"No. If you give it up I'll tell you. Because he will be pierced in the Fall."

(Exeunt Omnes—"First" swooned, and "Second" went off weeping and took a big drink.)

## A Case of Conscience.

In a certain Ladies Moral Reform Society, existing not many miles from the banks of a certain river, the members were required to sign a pledge not to "set up" as it is termed, or do anything else that might be supposed to have a tendency, however remote, to immorality. One, pretending as the President was calling over the names, to know whether each member had kept her obligation, a beautiful and highly respectable young lady burst into tears, and on being questioned as to the cause, said she feared she had broken the pledge.

"Why, what have you done?" asked the President.

"Oh!" sobbed the young lady, "Dr. ——— kissed me the other night when he waited on me home from meeting."

"Oh, well that is nothing very bad," said the President; "his kissing does not make that you have broken the pledge."

"Oh, that isn't the worst of it," exclaimed the conscientious young lady, "I kissed him back again!"

## A correspondent of the Cincinnati Enquirer says:

On Sunday last some four or five Whigs were canvassing opinions as to the probable success of the two parties in the next Presidential race. The first who ventured an opinion, said that he could not form any opinion as to the results, as the Democratic nominee was not known, and there was no telling how things would turn. The second coincided with the first, with the addition that he thought the nomination of General Pierce drew the entire fire of the Whig party, and that they would be compelled in consequence, to throw away all the ammunition now on hand, and prepare new material. The third being appealed to (although apparently lost in reflection) said, well, gentlemen, I think we may as well give up; the Democratic Poll-tax of '44, and I believe they will Pierce us in '52.

## Scioto & Hocking Valley R. Road.

There is now doubt, if the contemplated route of this road from Logan to Newbury, be at all practicable, and there is little doubt but that we can have the cars running through our town in a very short time. We believe our citizens are generally aware that this is their last hope for a railroad. What ever will be required of us must be done with all our might. It will be necessary for every one to exert his utmost ability to secure the location of the road through this place, by subscribing liberally to the capital stock, and prevailing upon his neighbors to do the same. We believe we have a practicable route, and we think the company are disposed to favor us if we do anything like our duty. There is but one thing that may drive the company to locate the road through some other region, and that is extreme parsimony. When a great enterprise of this kind is got up, which requires to be carried thro' by dollars and cents, it is necessary that a degree of liberality should be exhibited commensurate with the magnitude of the enterprise. There are plenty of means along the contemplated line through this county, to build the road, and we think by energetic exertions they can be raised. We therefore hope when the proper period arrives for united action, no one will be backward in aiding to place in the hands of the company the necessary means to secure to us this important work.

We speak with the utmost confidence when we say, that there are few roads in Ohio that will do more business than this when completed. Running from Portsmouth, through the rich mineral and agricultural regions of Scioto, Jackson, Vinton, Hocking and Perry; to Newark, with no other road to compete with it, it must do a vast amount of business, which will render the stock a good investment at all times. There is, we believe, but one other road in the State that will run through so extensive a coal region as this—we mean the Marietta and Cincinnati road. While that road will supply the west with coal, this will supply the north and northwest with but little competition from any other quarter, while, being situated out of the reach of any rival route north and south, it must and will do a large amount of through business.

One of the routes which has been reconnoitered through the southern portion of this county, and thought to be a very practicable one, runs almost within sight of the celebrated coal bed in Saltdick township, the stratum of which has been computed to be about 125 feet in thickness, and which is said to be the largest known in the world. This point appears to be the nucleus of the coal regions south of us; many of the coal veins in the same region, we have been told, measure from 8 to 15 feet in depth. A road through such a country must always pay.

There is every reason to urge the people of this county, to make "a long pull, a strong pull and a pull altogether" for this road.

## An Outrage.

We regret to record an act of violence, which occurred yesterday morning, at one of our Common Schools; viz: at the Upper Race street School House, between Fourth and Fifth streets. It appears that Mr. Rickoff, the principal of the house, had slightly chastised a little girl, a pupil in the primary department, on Tuesday last; the father of the girl, a Mr. Hundly, went to the school house yesterday morning about the hour of the commencement of school, and after a brief interview with Mr. R. drew forth a cowhide with which he beat him, and after tying himself with that process, dropped the cowhide and inflicted a severe punishment on his fists. When taking into consideration that Mr. Rickoff is a weak, delicate and emaciated man, and Hundly a stout and burly individual, we cannot but look upon the matter as a gross outrage, and for which the perpetrator should be made to suffer.—Cin. Atlas.

## Democratic Nomination.

Pittsburgh, June 8. A ratification meeting was held by the Democrats last night, in the room of the Supreme Court, at which Wm. Wilkins presided. Several speeches delivered, and resolutions were passed, approving of the nominations and endorsing the resolutions of the Baltimore Convention.

J. OAKES. A. W. BOKKIR.

**OAKES & BOKKIR,**  
WHOLESALE GROCERS,  
Dealers in

Rectified Whiskey, Foreign

AND

Domestic Liquors.

NO. 6.

Front Street, Portsmouth, Ohio.

Wishes for strict attention to business and due observance of the wants of our customers, and the public generally, to receive the most complete and liberal patronage heretofore extended to the old firm, for which we are very much obliged.

January 2, 1849.—a29

## Watches and Jewelry.

FREDERICK & HALLER.

One door above Oakes & Bunkirk's, Front street.

HAVING located in this city, for the purpose of prosecuting the Jewelry business in all its branches, beg leave to announce to the citizens of Portsmouth, and vicinity, that they have on hand, and are constantly receiving a fresh supply of jewelry, consisting in part of Watches and Clocks, Ear and Finger Rings, Brooches, Spectacles, &c. &c. From their long experience in this line, they flatter themselves that they can please all who may give them a call, and wish by their attention to business, to merit a liberal share of public patronage.

Watches & Clocks repaired on the shortest notice, and warranted to give satisfaction. R. L. Lusk Glass, 25 cts.; patent do. common, 15 cts.; Verre & 11. Main spring & 11, and all other work in proportion, and for jobbing, they think they cannot be surpassed in the country.

Feb. 16, '52.—Trib. & Clip. & wtf.

## Land for Sale or Barter.

THREE tracts of Land, one of 666 acres, and one of 134 acres on Twelve Pole and close to the Ohio river and one of 300 acres on Whites Creek at Whites and miles from its Junction with the Ohio. These lands are covered with a large growth of yellow poplar, white oak, ash, beech, &c., lying close on the Ohio river. They contain gravel and bituminous coal, iron ore, &c. The timber can be put into the Ohio river in raft at from 4 to 5 cents per running foot. Persons requiring large timber, will find it easily raised.

The land when cleared is admirably adapted for growing tobacco, grain, &c. The Central Virginia railroad will pass close to the large tract. The whole will be sold at \$3 per acre, and groceries, dry goods, etc., taken in exchange, or it may be paid for in one, two and three years, with interest. Title clear and indisputable. Apply at this office, or to JAS. TODD, Guyandotte, Va. Nov. 5, 1851.—dwt

## Colored Carpet Yarns.

BLACK, Brown, Red, Orange, Green and Blue Carpet Yarns, also, Bleached Covered Yarns, for sale by JAS. FURZES, Sept. 8, 1851.—Trib. & Clip. copy

## \$5000 CHALLENGE.

WHATEVER concerns the health and happiness of a people is at all times of the most valuable importance. It is a fact, that every person will do all in his power, to save the lives of his children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable; if you have an appetite continually changing from one kind of food to another, bad breath, pain in the stomach, picking at the nose, hardness and fullness of the belly, dry cough, slow fever, pulse irregular—remember that these denote Worms, and you should at once apply the remedy.

HOHENACK'S WORM SYRUP. An article founded upon scientific principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender infant with decided beneficial effect, where bowel complaints and diarrhoea have made them weak and debilitated the tonic properties of my worm syrup are such, but it stands without an equal in the catalogue of medicines, in giving tone and strength to the stomach, which makes it an infallible remedy for those afflicted with dyspepsia, the astonishing cures performed by this syrup after physicians have failed, is the best evidence of its efficacy over all others.

THE TAPE WORM! This is the most difficult worm to destroy of all that infest the human system, it grows to an almost indefinite length becoming so coiled and fastened in the intestines and stomach as to effect the health so easily as to cause St. Vitus' dance, fits, etc. those afflicted seldom if ever suspect that it is tape worm hastening them to an early grave. In order to destroy this worm, a very energetic treatment must be pursued. It would therefore be proper to take 6 to 8 of my liver pills so as to remove all obstructions, that the Worm syrup may direct upon the worm, which must be taken in doses of 2 tablespoonfuls 3 times a day these directions followed have never been known to fail in curing the most obstinate case of tape worm.

HOHENACK'S LIVER PILLS. No part of the system is more liable to disease than the Liver, it serving as a filterer to purify the blood, or giving the proper secretion to the bile; so that any wrong action of the Liver affects the other important parts of the system, and results variously, in liver complaint, jaundice, dyspepsia, etc. We should therefore watch every symptom that might indicate wrong action of the liver. These symptoms consist of redness and pain in the right side, belching of wind, flatulency, nausea, loss of appetite, etc. To heal the sick! Namely, 1st. An expectorant, which augments the secretion from the pulmonary mucous membrane or promotes the discharge of secreted matter. 2nd. An alterative which changes in some inexplicable and insensible manner the certain morbid action of the system. 3rd. A tonic which gives tone and strength to the nervous system, renewing health and vigor to all parts of the body. 4th. A CATHARTIC, which acts in perfect harmony with the other ingredients, and operating on the bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the Blood, which destroys disease and restores health.

TO FEMALES. You will find these Pills an invaluable medicine in many complaints to which you are subject. In obstructions either total or partial, they have been found of inestimable benefit, restoring the functional arrangements to healthy action; purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as headache, giddiness, sickness of sight, pain in the side back, etc. None genuine unless signed J. N. Hohenack, all others being base imitations. Agents wishing new supplies and Store Keepers desirous of becoming Agents must direct to the Proprietor, J. N. Hohenack, Philadelphia Pa.

J. & C. Reekert Pearl at Cincinnati, Wholesale agents for Ohio, McVey & Co. Portsmouth, Shackleford & Crichton, Portsmouth, Louisiana & Safford, Chillicothe, Woodrow, Hillsboro' and by every respectable storekeeper in the country where you can get a pamphlet. June 10, 1852.—dwt

## Attention, the whole!

## NEW STOVE ESTABLISHMENT!

D. FORCHHEIMER respectfully announces to the citizens of Portsmouth and the surrounding country, that he has just opened a large and well-selected stock of Cook, Parlor, Shop and Office Stoves, comprising the latest, most useful, and approved patterns. He intends to keep everything in the Store line, which elegance for the Parlor, durability, economy and safety for the kitchen, are universally acknowledged. In addition to the above he will keep and manufacture all kinds of STOVE TRIMMINGS, every thing in the line of Japanese Ware, and Tin, Zinc, sheet iron, brass and copper vessels, in great variety, made by the best workmen and of the best materials. Country merchants are invited to call before purchasing elsewhere, as inducements which no one can resist will be offered to those who wish to purchase.

Job Work done to order. House Spouting put up with dispatch.

P.S. Old Copper, Brass, Pewter and Silver, whether new or old, together with such articles of produce as can be agreed upon, will be taken in exchange for anything in his line.

Store on Market street, west side, opposite the Market House. apr 15

## JENNINGS' PATENT SAFETY

## GAS LAMPS,

## And Patent Phosgene Gas

THE light from these lamps is produced by the burning of an aeriform gas, which is emitted in beautiful jets from small perforations in platinum. The gas is generated as it is used, by the heat of its own combustion acting on the liquid in the lamp. Its construction is such that it is not liable to accidents, does not easily get out of order, and burns without smoke or odor. It received a premium at the American Institute, and is pronounced the best light ever exhibited there. The lamps are of various styles for parlor, stand, hand and hanging.

Also superior lamps, burning a liquid with common wicks, which have been in use for some time, and are universally approved.

The Phosgene gas and burner are kept constantly on hand at Cincinnati prices.

Call and see. JOHN CLUGSTEN

Portsmouth, Jan. 14, 1851.—f

## S. D. BISHOP,

## MERCHANT TAILOR,

No. 7, Front Street, Portsmouth, Ohio.

WOULD call the attention of his customers, friends, and the public in general to his large stock of

Fall and Winter Goods

suitable for Men's and Boy's wear which has just been received from New York, consisting of Cloths, Cassimeres, Tweeds, Satinets, Jeans, Vestings, Linens, Drills, &c., of all colors and qualities, which he is prepared to make up in the latest and most fashionable style.

Always on hand a fine stock of

S. D. B.

Oct. 16, 1851.—wtf

## Late arrival of Boots & Shoes.

## R. LLOYD & CO.

HAVE just received an unusually large and choice assortment of Boots and Shoes, to which the attention of the public is respectfully invited. Being well acquainted with the business, and having most of our stock manufactured under our own directions—purchasing as we have, a large stock in one of the best markets in the world—profiting by these and a combination of like advantages, we feel confident that we are enabled to meet the wants of the entire community both in quality and price. We would say to country merchants, farmers, proprietors, and all others, that we are constantly receiving additions, there by keeping our stock full and complete, we can give as good bargains as can be obtained in any western market; and all who will favor us with a call will receive a cordial welcome, and we will take pleasure in showing our goods that you may have a practical conviction of our statement.

April 1.

## Books and Stationery.

WE are now receiving and opening the largest and best assortment of BOOKS AND STATIONERY ever offered in this city. We make the assertion without fear of contradiction, that no town in Ohio is better supplied than Portsmouth with every article in our line. Our stock was selected in the New York and Philadelphia markets, from the publishers, manufacturers and importers—thus avoiding all second-hand, and placing us upon equal terms with the jobbers any where.

The public are respectfully invited to call and examine our stock and prices, we pledge ourselves to sell as low as any other house in the western country.

J. STEPHENSON & CO

corner Front and Market sts. Portsmouth.

Oct. 3-dw

## Change of Place.

## R. BELL & CO.

WITH a view of enlarging their operations—of being better prepared to meet the wants of their increasing trade, have added two more rooms to their manufacturing department, and taken for their sales rooms, those formerly occupied by Wm. Elden & Co., (one door north of their old stand) where they are able and willing to exhibit a stock of BOOTS and SHOES, for Spring trade, unequalled in this country, as to quality and price. They would respectfully invite the attention of dealers, to work of their own manufacture, feeling assured that it is superior in every respect, to anything of foreign importation and as low in price. All kinds of Eastern work on hand for the benefit of those that prefer it, to make up an assortment complete. Call and examine at our new store in Market street, two doors north of the State Bank.

Portsmouth Feb. 26 1852 dw.

## J. P. WILHELM,

## Saddle & Harness Manufacturer,

Front, between Madison and Jefferson streets,

PORTSMOUTH, OHIO.

BEGS leave to inform the public that he keeps constantly on hand a large assortment of Saddles, Bridles, Harness, Trunks, Carpet-Bags, Valises, Buffalo Robes, Whips, Blacksmiths' Belows, Fire and Garden Hoses, which he is prepared to sell as low as they can be had elsewhere. He warrants all his work for one year.

Country Merchants and Farmers,

would do well to call and examine his stock before purchasing elsewhere, as he is determined to sell first-rate articles at low prices.

Don't forget the place—Front street, a few doors above Madison.

July 24 '51.—dwt

## REMOVAL CARD.

## SHACKLEFORD & CRICHTON
